CHAPTER 3 – DEPARTMENTS

Article 1. Water Department

§3-101 CITY WATER DEPARTMENT; OPERATION AND FUNDING.

The City owns and operates the City Water Department through the Utilities Superintendent. The City Council, for the purpose of defraying the cost of the care, management, and maintenance of the Water Department may each year levy a tax not exceeding the maximum limit prescribed by state law on the actual valuation of all real estate and personal property within the corporate limits that is subject to taxation. The revenue from the said tax shall be known as the Water Fund and shall remain in the custody of the City Treasurer. The Utilities Superintendent shall have the direct management and control of the Water Department and shall faithfully carry out the duties of office. The Utilities Superintendent shall have the authority to adopt rules and regulations for the sanitary and efficient management of the Water Department subject to the supervision and review of the City Council. The Council shall set the rates to be charged for services rendered by ordinance and shall file a copy of the rates in the office of the City Clerk for public inspection at any reasonable time. (Ref. 17-531, 17-534, 19-1305 RS Neb.)

§3-102 CITY WATER DEPARTMENT; DEFINITIONS.

The following definitions shall be applied throughout this article. Where no definition is specified, the normal dictionary usage of the word shall apply.

"Main" is hereby defined to be any pipe other than a supply or service pipe that is used for the purpose of carrying water to, and dispersing the same in the City.

"Separate premises" is hereby defined to be more than one consumer procuring water from the same service or supply pipe. The second premises may be a separate dwelling, apartment, building, or structure used for a separate business.

"Service pipe" is hereby defined to be any pipe tapped into a main and extending from there to the location on the premises where the water is to be disbursed.

§3-103 CITY WATER DEPARTMENT; CONSUMER'S APPLICATION.

A. Every person or persons desiring a supply of water must make application to the City Clerk upon a form supplied by the City. Each application by a non-owner or occupant of the premises to be supplied shall be accompanied by a service deposit in the amount set by resolution of the City Council according to the following schedule:

1. If the applicant is the property owner and the service is new, the deposit will be credited against the account after one year, providing that an on-time payment history has been established.

2. If the applicant currently has an account with a good credit history at another property and is transferring that water service to a new account, no deposit will be required.

3. If the applicant is renting the property and NOT the property owner, the deposit will be held by the City until such time as the applicant purchases the house and establishes a solid payment history or moves out of the service area, at which time the deposit will be applied to the outstanding bill and the remainder refunded to the applicant.

B. If a new water connection is desired, the application, whether by owner or non-owner, shall be accompanied by the tap fee hereinafter specified; provided, in the event the new application for water service is for a building that has not previously received service from the City, a readout shall be taken prior to hookup by the City and charged to the applicant in an amount equal to the City's cost.

(Ref 17-537 RS Neb.) (Am. by Ord. No. 639, 11/10/08)

§3-104 CITY WATER DEPARTMENT; SERVICE TO NONRESIDENTS.

The Department shall not supply water service to any person outside the corporate limits without special permission from the City Council; provided, the entire cost of laying mains, service pipe, and supply pipe shall be paid by the consumer. Nothing herein shall be construed to obligate the City to provide water service to nonresidents. (Ref. 19-2701 RS Neb.)

§3-105 CITY WATER DEPARTMENT; WATER CONTRACT.

The City through its Water Department shall furnish water to persons within its corporate limits whose premises abut a street or alley in which a commercial main now or may hereafter be laid. The City may furnish water to persons within its corporate limits whose premises do not abut a street or alley in which a municipal commercial main is now or may hereafter be laid and may also furnish water to persons whose premises are situated outside the corporate limits the City as and when, according to law, the City Council may see fit to do so. The rules, regulations, and water rates hereinafter named in this Article shall be considered a part of every application hereafter made for water service and shall be considered a part of the contract between every consumer now or hereafter served. Without further formality, the making of application on the part of any applicant or the use of water service or consumption of water by any present consumer thereof and the furnishing of water service to said consumer shall constitute a contract between the consumer and the City, to which said contract both parties are bound. If the consumer shall violate any of the provisions of said contract or any reasonable rules and regulations that the City Council may hereafter adopt, the Utilities Superintendent or his agent may cut off or disconnect the water service from the building or premises or place of such violation. No further connection for water service to said building, premises, or place shall again be made except by order of said Superintendent or agent.

(Continued on next printed page)

(This space intentionally left blank)

§3-106 CITY WATER DEPARTMENT; INSTALLATION PROCEDURE.

In making excavations in streets, alleys, or sidewalks for the purpose of installing pipe or making repairs, the paving, stones, and earth must be removed and deposited in a manner that will occasion the least inconvenience to the public and provide for adequate drainage. No person shall leave an excavation made in the street, alley, or sidewalk open at any time without a barricade and, during the night, warning lights. After service pipes are laid, the streets, alleys, and sidewalks shall be restored to good condition. If the excavation in any street, alley, or sidewalk is left open or unfinished for a period of 24 hours or more, the Utilities Superintendent shall have the duty to finish or correct the work and all expenses so incurred shall be charged to the consumer. All installations or repairs of pipes require an inspection by the Utilities Superintendent. The inspection shall be made when connections or repairs are completed and before the pipes are covered. It is the customer's responsibility to notify the Superintendent at the time the work is ready for inspection. All installation shall be done under the supervision and strictly in accordance with the rules, regulations, and specifications prescribed for such installation by the Utilities Superintendent; provided, the said rules, regulations, and specifications have been reviewed and approved by the City Council. (Ref. 17-537 RS Neb.)

§3-107 CITY WATER DEPARTMENT; INSTALLATION EXPENSE.

A. A tap fee payable to the City Clerk by the owner of record of the premises served shall be charged for the original tap into the commercial main serving each premises within the corporate limits of the City according to the following schedule:

3/4" service with 5/8" standard meter	\$200.00
3/4" service with a 3/4" standard meter	\$250.00
1" service with a 1" standard meter	\$300.00

If the original tap size is larger than 1" or the tap is made into a line serving a premises outside the corporate limits of the City, the tap fee shall be the basic charge for a 1" tap, plus any additional expense reasonable necessary for installation if the larger tap as determined by the Utilities Superintendent.

B. No tap fee shall be charged for a new or replacement tap serving a premises already provided by an original tap unless the retap is of a larger size than the original tap. If the retap is of a larger size than the original tap, the tap fee shall be \$25.00 plus the cost of any parts necessary. For purposes of this section, replacement tap shall mean the placement of new materials of the same or different size into the original tap and a new tap shall mean a completely new opening in the line in addition to the original tap.

C. For each original tap into the commercial main, the City shall furnish the following:

1. A corporation valve;
2. A 3/4" or 1" water meter;
3. Labor to install the original tap into the commercial main.

All other expenses of bringing water service to the premises shall be borne by the consumer.

The meter furnished by the City shall remain the property of the City. The consumer shall be liable for any damage proximately caused by his negligence or that of any member of his household, his employees, invitees, or licensees authorized by the consumer to be on the premises.

D. For each new or replacement tap as defined by subsection (B) of this section, the City shall furnish a corporation valve and the labor necessary to install the new or replacement tap into the commercial main. The consumer shall pay ALL other expenses, including the expense of procuring the service of a plumber, and the expense of furnishing and installing pipe, trenching, and the necessary labor to bring water service from the main to the place of disbursement. All work shall be performed by a plumber and the materials and fittings used in the new or replacement tap shall be approved by the Utilities Superintendent.
(Amended by Ord. 610, 4/11/05)

§3-108 CITY WATER DEPARTMENT; REPAIRS AND MAINTENANCE.

A. The customer at his/her own expense shall replace and keep in repair all service pipe from the commercial main to the place of disbursement. When leaks occur in supply pipes, the Utilities Superintendent shall shut off water service until the leak is repaired at the expense of the customer to the Superintendent's satisfaction. All water meters shall be kept in repair by the City at its expense. When meters are worn out, they shall be replaced and reset by the City at its expense; provided, if the customer permits or allows a water meter to be damaged, injured, or destroyed through his/her own recklessness, carelessness, or neglect so that the meter must be repaired or replaced, the Utilities Superintendent shall bill and collect from the customer the cost of such meter repair or replacement in the same manner as water rent is collected. Permitting a water meter to be damaged or destroyed by freezing shall always be considered negligence on the part of the customer. All meters shall be tested at the customer's request at his/her expense any reasonable number of times; provided, if the test shows the water meter to be running 2% or more fast, the expense of such test shall be borne by the City. The City reserves the right to test any water service meter at any time and if said meter is found to be beyond repair, the City shall always have the right to place a new meter on the customer's water service fixtures at City expense.

B. Should a consumer's meter fail to register properly, the customer shall be charged for water during the time the meter is out of repair on the basis of the quarterly consumption during the same quarter of the preceding year; provided, if no such basis for comparison exists, the customer shall be charged such amount as may be reasonably fixed by the Utilities Superintendent. It shall be unlawful for any person to tamper with any water meter, or by any means or device to divert water from the service pipe so that the same shall not pass through said meter, or while passing through said meter, to cause the same to register inaccurately. (Ref. 17-537 RS Neb.)

§3-109 CITY WATER DEPARTMENT; FEES AND COLLECTIONS.

A. The City Council has the power and authority to fix the rates to be paid by the water consumers for the use of water from the Water Department. All such fees shall be on file for public inspection at the office of the City Clerk. No flat rates for water service shall be quoted or allowed by the City Council. No water service shall be furnished to any customer at a rate that is different from other customers of the same class or type. Persons, firms, or corporations desiring to use water temporarily shall pay such rates as the Utilities Superintendent, with the approval of the City Council, shall set. Without respect to schedule of rates for other customers, the City Council may enter into special contracts with large consumers of water, but never at a rate less than the cost of production; provided, the contract shall always provide that the said large consumer shall always pay the minimum rate paid by other customers and the contract shall be made on the basis of water consumed in excess of said minimum. A meter shall always be attached to the water service of such contract consumer and read quarterly as in the case of other classes of water consumers. Water service furnished to the other departments of the City and to other governmental subdivisions of the State shall be measured and billed for at such rates as the City Council shall set from time to time without respect to the schedule of rates on file at the office of the City Clerk, but never at rates that do

not cover the cost of providing water. Whenever water service is supplied to more than one customer through the same supply pipe, each customer shall pay the minimum water service charge each month. In the event that two or more customers are supplied through the same meter, the owner of the premises shall pay for all water consumed thereon. One bill only shall be computed for each meter.

B. The rates for monthly water usage shall be established by the City Council by ordinance and shall be on file in the office of the City Clerk for public inspection. (Ref. 17-540 RS Neb.) (Amended by Ord. No. 665, 6/11/12)

§3-110 CITY WATER DEPARTMENT; MINIMUM RATES.

All water consumers shall be liable for the minimum rate provided by ordinance unless and until the consumer shall, by written order, direct the Utilities Superintendent to shut off the water at the stop box, in which case he/she shall not be liable thereafter for water rental until the water is turned on again. (Ref 17-542 RS Neb.)

§3-111 CITY WATER DEPARTMENT; LIEN.

A. In addition to all other remedies, any amount due and owing for water service furnished is hereby declared to be a lien upon the real estate for which the same was used.

B. Once an amount for water service furnished continues to be due and owing the 21st of each month, the City Clerk shall notify in writing, by regular first-class U. S. Mail, postage prepaid, all owners, occupants, lessees and mortgagees of the premises for which the same was used of said amount.

C. Once an amount for water service furnished has been due and owing for 45 days or more, and after providing the notification set forth in subsection (B) of this section, the City Clerk may present said unpaid account to the City Council, together with a description of the premises upon which the same was used, for permission to file said amount as a lien.

D. Once the City Council has given permission to file a lien for an amount due and owing for water service furnished, the City Clerk shall file a lien with the County Clerk/Registrar of Deeds for said unpaid account, including within the language of the lien document that said amount is to be collected as a special tax in the manner provided by law. Once the City Clerk has received a file stamped copy and/or original of the filed lien from the County Clerk/Registrar of Deeds, the Clerk shall send a copy of said file stamped lien by first class mail, postage prepaid, to all owners, occupants, lessees and mortgagees for the premises against which the lien has been filed.

(Amended by Ord. No. 547, 7/26/99)

(Continued)

§3-112 CITY WATER DEPARTMENT; SINGLE PREMISES.

No consumer shall supply water to other families, or allow them to take water from his/her premises, nor after water is supplied into a building shall any person make or employ a plumber or other person to make a tap or connection with the pipe upon the premises for alteration, extension, or attachment without the written permission of the Utilities Superintendent. It shall further be unlawful for any person to tamper with any water meter or by means of any contrivance or device to divert the water from the service pipe so that the water will not pass through the meter or, while passing through said meter, to cause the meter to register inaccurately. (Ref. 17-537 RS Neb.)

§3-113 CITY WATER DEPARTMENT; RESTRICTED USE.

The City Council or the Utilities Superintendent may order a reduction in the use of water or shut off the water on any premises in the event of a water shortage due to fire or other good and sufficient cause. The City shall not be liable for any damages caused by shutting off the supply of water of any consumer while the system or any part thereof is undergoing repairs or when there is a shortage of water due to circumstances over which the City has no control. (Ref. 17-537 RS Neb.)

§3-114 CITY WATER DEPARTMENT; FIRE HYDRANTS.

All hydrants for the purpose of extinguishing fires are hereby declared to be public hydrants, and it shall be unlawful for any person other than members of the City Fire Department under the orders of the Fire Chief, the Assistant Fire Chief, or members of the Water Department or Street Department to open or attempt to open any of the hydrants and draw water from the same, or in any manner to interfere with the hydrants.

§3-115 CITY WATER DEPARTMENT; POLLUTION.

It shall be unlawful for any person to pollute or attempt to pollute any stream or source of water for the supply of the City Water Department. (Ref. 17-536 RS Neb.)

§3-116 CITY WATER DEPARTMENT; MANDATORY HOOKUP.

All persons within 300 feet of a water main shall be required to hook up with the City Water System upon notice by the City Council. (Ref. 17-539 RS Neb.)

§3-117 CITY WATER DEPARTMENT; WATER SERVICE CONTRACTS.

Contracts for water service are not transferable. Any person wishing to change from one location to another shall make a new application and sign a new contract. If any consumer shall move from the premises where service is furnished, or if the said premises are destroyed by fire or other casualty, he/she shall at once inform the Utilities Superintendent, who shall cause the water service to be shut off at the said premises. If the consumer should fail to give such notice, he/she shall be charged for all water used on the said premises until the Superintendent

is otherwise advised of such circumstances. (Ref. 17-537 RS Neb.)

§3-118 CITY WATER DEPARTMENT; INSPECTION.

The Utilities Superintendent or duly authorized agent shall have free access at any reasonable time to all parts of each premises and building to or in which water is delivered, for the purpose of examining the pipes, fixtures, and other portions of the system to ascertain whether there is any disrepair or unnecessary waste of water and compliance with federal and state law, rules, and regulations. (Ref. 17-537 RS Neb.)

§3-119 CITY WATER DEPARTMENT; POLICE REPORTS.

It shall be the duty of the City Police to report to the Utilities Superintendent all cases of leakage and waste in the use of water and all violations of the city code relating to the Water Department. They shall have the additional duty of enforcing the observance of such regulations.

§3-120 CITY WATER DEPARTMENT; DESTRUCTION OF PROPERTY.

It shall be unlawful for any person to willfully or carelessly break, injure, or deface any building, machinery, apparatus, fixture, attachment, or appurtenance of the City Water Department. No person may deposit anything in a stop box or commit any act tending to obstruct or impair the intended use of any of the above-mentioned property without the written permission of the Utilities Superintendent.

§3-121 CITY WATER DEPARTMENT; BACKFLOW PREVENTION DEVICES REQUIRED; CUSTOMER INSTALLATION AND MAINTENANCE; TESTING.

A. A customer of the City Water Department may be required by the Utilities Superintendent to install and maintain a properly located backflow prevention device at his/her expense appropriate to the potential hazards set forth in Title 179, Nebraska Department of Health, and approved by the Utilities Superintendent.

B. The customer shall make application to the Utilities Superintendent to install a required backflow prevention device on a form provided by the City. The application shall contain at a minimum the name and address of the applicant, the type of potential hazard protection required, and the type of backflow device to be installed, including brand and model number.

C. The Utilities Superintendent shall approve or disapprove the application based on his/her opinion of whether such installation will protect the City Water Distribution System from potential backflow and backsiphonage hazards.

D. The installation of the device shall be performed by or under the direction of a state certified backflow device installer or a plumber licensed by the City, if applicable, and shall be subject to all other sections of this code dealing with installation of plumbing.

E. Such customer shall also certify to the City at least one time annually that the backflow prevention device has been tested each year by a Nebraska Department of Health Grade VI Certified Water Operator if the device is equipped with a test port. Such certification shall be made on a form available at the office of the City Clerk.

F. No person shall install a backflow device without approval of the Utilities Superintendent or in conformance to this paragraph.

G. Any decision of the Utilities Superintendent may be appealed to the City Council.

§3-122 CITY WATER DEPARTMENT; UNSAFE PHYSICAL CONNECTION TO WATER SYSTEM PROHIBITED; POTENTIAL BACKFLOW HAZARDS; CUSTOMER ASSESSMENT.

A. No customer or other person shall cause, allow, or create any physical connection between the City Water Distribution System and any pipes, pumps, hydrants, tanks, steam condensate returns, engine jackets, heat exchangers, other water supplied or any other connection whereby potentially unsafe or contaminating materials may be discharged or drawn into the City Water Distribution System.

B. At least one time every five years, customers of the City Water Distribution and Supply System shall be required to assess and report potential backflow and backsiphonage hazards to the City on a form supplied by the City. All customers shall take any steps necessary for protection of public health and safety as determined by the Utilities Superintendent.

§3-123 CITY WATER DEPARTMENT; INCORRECT INSTALLATION; CORRECTION.

When a device is incorrect in installation and/or hazard protection, the customer shall be notified by the Utilities Superintendent and allowed a maximum of 30 days to correct the deficient condition and certify that the affected plumbing meets the requirements of the plumbing code.

§3-124 CITY WATER DEPARTMENT; WELLHEAD ENCROACHMENT POLICY; DRILLING AND OPERATION OF WELLS AND OTHER UNDERGROUND FACILITIES; PERMIT REQUIRED.

From and after the effective date of Sections 3-124 through 3-127, it shall be unlawful for any person, corporation or other legal entity to drill and/or operate any of the following facilities within the corporate limits of the City without first having obtained the proper permit from the City Council of the City: potable water well; any other well; sewage lagoon; absorption or disposal field for water; cesspool; dumping grounds; feedlot; livestock pasture or corral; chemical product storage facility; petroleum product storage facility; pit toilet; sanitary land-fill; septic tank; sewage treatment plant; sewage wet well. (Ord. No. 581, 11/12/02)

§3-125 CITY WATER DEPARTMENT; WELLHEAD ENCROACHMENT POLICY; DRILLING AND OPERATION OF WELLS AND OTHER UNDERGROUND FACILITIES; PROCEDURE TO OBTAIN PERMIT.

In order to obtain a permit to drill and/or operate any of the facilities listed in Section 3-124, the owner of property on which the proposed facility is to be located must make application on the proper form provided by the City Council. Such application must be presented to the City Clerk's office in advance of any regular or special meeting in order to be presented to the Council for approval at such meeting. After reviewing the application of any person desiring to drill or operate any of the above-described facilities, then the City Council must approve or deny said permit. In the event that an application is not reviewed by the City Council within 60 days after receiving said application, the actions/activity applied for shall be deemed approved. The Council may offer a letter of explanation to an applicant showing cause for delay of review of any application. Limitations or conditions of use may be required by the City Council, including but not limited to permits from other governing agencies. (Ord. No. 581, 11/12/02)

§3-126 CITY WATER DEPARTMENT; WELLHEAD ENCROACHMENT POLICY; PROHIBITED DRILLING OR INSTALLATION OF OTHER FACILITIES WITHIN DESIGNATED DISTANCE FROM CITY WATER SOURCES.

Under no circumstances shall the City Council approve any permit to drill or operate any of the following-described facilities within the indicated number of feet from the City's water wells:

Potable water well	1,000 feet
Any other well	1,000 feet
Sewage lagoon	1,000 feet
Absorption or disposal field for water	500 feet
Cesspool	500 feet
Dumping grounds	500 feet
Feedlot or feedlot runoff	500 feet
Livestock corral or pasture	500 feet
Chemical product storage facility	500 feet
Petroleum product storage facility	500 feet
Pit toilet	500 feet
Sanitary landfill	500 feet
Septic tank	500 feet
Sewage treatment plant	500 feet
Sewage wet well	500 feet

(Ord. No. 581, 11/12/02)

§3-127 CITY WATER DEPARTMENT; WELLHEAD ENCROACHMENT POLICY; PENALTIES AND ABATEMENT PROCEDURE.

In the event any of the above-described facilities are installed or operated without first having

obtained a permit from the City and/or within a designated number of feet from the City's water supply, then such facilities shall be deemed a nuisance and the governing board shall abate such facility as a public nuisance pursuant to Chapter 4, Section 4-203 of this Code. Penalties for violating any of the terms of Sections 3-124 through 3-126 can be found in Section 3-901 of this code. (Ord. No. 581, 11/12/02)
